Beautique is dedicated to excellence in service, treatments, products and technology in order to deliver a superior salon experience.

Beautique Gift Cards

A Beautique Gift Card is popular with everyone. We can help you select the perfect treatment package or you can simply allocate your gift card with the value of your choice. Beautique Gift Cards cannot be refunded and expire 3 years from the date of issue.

Remember to treat your Gift Card like cash - if you lose it it cannot be redeemed or replaced. Cards must be presented at time of treatment. You can purchase online at www.beautique.com.au, by phone, or in any of our salons.

Before Your Treatment

If you're pregnant, suffer from high blood pressure, are using Retin-A, Accutane, photosensitising or prescribed skin medications, have any injuries or recent laser or plastic surgeries, please let your therapist know. This is so we can consider the effect any of these may have on your treatment.

Arrivals

We suggest that you arrive 15 minutes prior to your appointment. This allows time for you to complete the relevant treatment information and relax before your treatment. Late arrivals will mean your treatment time will be customised.

Cancellation Policy

The treatments you select are reserved especially for you. To provide you with our best service we require credit card confirmation for treatments over 1 hour. We understand sometimes you need to cancel or reschedule, cancellations and/or rescheduling of appointments require a 24 hour cancellation notice. If notice is not given, a cancellation fee will apply.

Payment Options

Beautique accepts EFTPOS, Best Spa and Westfield cards as well as all major credit cards.

Our approach is very hands on – experience the superior Beautique difference where every facial begins with a cleansing that's more like a massage.

Skin Care Programs & Prescriptions

Caring for your skin is crucial for your overall health. If skin isn't properly cleansed and exfoliated, it will build up bacteria, sweat, oil and dirt - hello blackheads, pustules, deep lines and wrinkles!

Healthy skin can fight the signs of ageing easier, heal faster and stave off potential disease better than unhealthy skin. It looks younger and healthier because it is!

You don't have to spend hours everyday to achieve healthy skin. Simply wash with a cleanser that's right for your skin type, exfoliate once or twice a week and moisturise. Add sunscreen to protect from the sun's damaging rays and you're done! From there you can add serums and masks as required.

Remember - treatments alone will not fix skin problems. 70% of results come from what you do at home. Our Beautique therapists can provide you with a program that combines the correct skin treatments and products to achieve the results you're after.
